

Nape Helmet with Ratchet headband - Glossy Finish

CON-N4

Introducing CON - N4

Concord Nape Helmet is a Fiberglass safety helmet, strong and robust material that can withstand radiant temperature up to 250°C. FRP material is several times stronger than HDPE material. The material composition makes this helmet ideal for high-risk & high-radiant heat environments. Further it also protects the wearer head from falling objects, impact with other objects, debris, rain, and electrical hazards.

Standards

► IS 2925
