

CONCORD
PROTECTING YOUR FUTURE

Nape Helmet with Ratchet Headband Natural finish CON-N2

Introducing CON - N2

Concord Nape Helmet is a Fiberglass safety helmet, strong and robust material that can withstand radiant temperature up to 250°C. FRP material is Several times stronger than HDPE material. The material composition makes this helmet ideal for high-risk & high-radiant heat environments. Further it also protects the wearer's head from falling objects, impact with other objects, debris, rain, and electrical hazards.
